

# AirPro™ Grip

The AirPro™ Grip provides gentle Low Load Prolonged Stretch (LLPS) to effectively treat moderate to severe contractures of the wrist, hand, and fingers. The AirPro™ Grip is also excellent for patients with spasticity.

- Provides gentle air stretch to reverse tissue shortening
- Gently opens even the most severely non-fixed contracted hands
- Ideal for spasticity management
- Easy to apply and remove
- Bacti-Ban® keeps cover cleaner and more odor resistant

INDICATIONS: Stroke; Traumatic Brain Injuries; Spinal cord injuries; Treatment of non-fixed wrist, hand, finger contractures

The AirPro™ Grip is available as *One Size; Left or Right*
